I was born, raised and educated in Taranaki prior to attending Otago University. Following the completion of my law degree and Māori studies I returned home to work for a local law firm. Over the last eight years I have gained extensive experience in advocacy and dispute resolution processes, commercial law, and Māori legal matters with a focus on advising whānau, hapū, PSGE's, Māori organisations and trusts.

I have gained a diverse set of skills from my professional legal career and governance experience across the investment, Māori business, legal and community development sectors.

The median age for Māori is 26 years of age. Our rangatahi represent the fastest growing sector of the population and they will be the drivers of our future. If elected, I will champion future opportunities for our rangatahi and advocate for whanau-centred solutions.

I offer my legal, strategic and people skills combined with knowledge of Te Reo Māori and tikanga. I have high ethical standards and will promote fairness, transparency, accountability and integrity in decision making and reporting. It would be an honour to serve you all as a trustee of Te Kāhui o Taranaki.

### Candidate Statement:

I wish to stand again for Te Kāhui o Taranaki Trust. While the past three years have been affected significantly by Covid-19, huge work has been accomplished in key areas including Te Taiao (building sustainability and regenerative practices, decommissioning of the Tui Oil field); strengthening and supporting Taranakitanga (including building our knowledge and connections as Taranaki Iwi uri), and growing whānau financial wellbeing and independence including supporting whānau into home ownership - through Ka Uruora. There is also increased support for our marae and extended educational and vocational scholarships for our uri.

Much of our work has been ensuring Taranaki Iwi is well-managed, fiscally responsible and operates according to ethical principles and policies to achieve our strategic vision, Me Tōngai Harakeke (to foster and promote our collective strength, resilience and unity). For me, Taranaki reo and tikanga are essential to our identity and flourishing as an iwi. I, therefore, strongly advocate for the ongoing advancement and support of our cultural priorities, our Taranakitanga. I thank you for the opportunity to put myself forward again for Te Kāhui o Taranaki Trust. I would be honoured to receive your support.
